

Q VENUE

COFFEE QUALITY
INSTITUTE®

Fostering quality education opportunities through a network of venues certified with CQI's education programs and mission in mind.

Quality Focused

All venues must undergo a comprehensive process with CQI. We will make the process as efficient and collaborative as possible.

Sustainability Driven

By going paperless, employing technology and through local verification, Q Venues are a sustainable approach to venue certification.

Supporting our Mission

Q Venues partner with CQI, Instructors, and ICPs to host courses, including trainings for development projects to enhance and improve the livelihoods of producers.

VENUE TYPES

Basic

Professional

Courses	Q Venue	Processing Q Venue	Professional Q Venue
Q Cupping Essentials	•		•
Q Calibration	•		•
Q Training and Exams			•
Q Processing Generalist	•	•	•
Q Processing Professional		•	•

We're ready to work with you to ensure your venue is ready to host any CQI course. To learn how you can become a certified Q Venue, please contact Kim Ta, Education Manager, at kTa@coffeeinstitute.org.
