

BECOME A QUALITY VENUE FOR Q EDUCATION

Q VENUE

COFFEE QUALITY INSTITUTE®

Providing quality learning experiences through a network of venues certified with CQI's education programs in mind.

Quality Focused

All venues must go through a comprehensive process in order to host CQI classes. We strive to make the process clear and collaborative.

Sustainability Driven

By going paperless, employing technology and through local verification, Q Venues are a sustainable approach to venue verification.

Supporting our Mission

By being a certified Q Venue, you will be able to host our quality-focused courses and have top coffee professionals filter in and out of your space.
